

Creating Time For What Matters... To You.

Time To Reconnect.

A woman with glasses is smiling while sitting in a white hot tub. A man's head and shoulders are visible in the foreground, also in the tub. The hot tub has several water jets spraying water. On the edge of the tub, there is a glass of fruit and a plate of fruit. The background shows a house with a balcony and some landscaping.

Start Your Day Off Right

Imagine how much better your day will start when you slip into your own Hydropool Self-Cleaning Hot Tub for a few minutes each morning. Your circulation will improve, your muscles will relax and feel better, and your state of mind will be enhanced. You will be better prepared to face a hectic day at work, a workout at the gym or a round of golf at the club.

Relieve Stress and Relax

When you're relaxing, you enjoy life more. It is easier to converse, share intimacies, smile and laugh. You'll look forward to your times in your hot tub. Hydropool Self-Cleaning Hot Tubs are also great for entertaining. Your guests will leave with fond memories of the time spent with you in your hot tub.

Soothe Those Tired and Aching Muscles

The heat of your Hydromassage Self-Cleaning Hot Tub results in collagen tissue becoming more flexible, benefiting many people with arthritic symptoms. Doctors have advised people with arthritis that soaking in warm water several times a day relaxes muscles and joints and helps induce restful sleep. The resulting stress and muscle tension relief has also led many migraine sufferers to claim that hot tub use reduces the frequency and severity of their headaches.

Sleep Better

The heat, improved blood circulation, tension relief, and quicker lactic acid removal will result in a comforting state of relaxation and tranquility, assisting you to sleep better at night.

Time To Relax.

Let's face it, life gets busier and more demanding each day...

It seems you never have time to rest. Imagine your own personal get-a-way, a place where you can relax, meditate, and enjoy quiet times... by yourself, with family or with friends. Feel the stress and tension seep out of your body as you sit back, stretch out, and let the combination of warm water, pulsating jets, and the natural buoyancy of the water do its magic.

Indoors or out, a Hydropool Self-Cleaning Hot Tub will create more time for what matters. Whether in a corner of your home, in a solarium, conservatory or installed in your deck or backyard, a Hydropool Self-Cleaning Hot Tub will "rekindle" romance and relationships with family and friends.

"We call our hot tub 'Hydropool Heaven' after a long hard day at the office it's great coming home to our little piece of heaven."

Brian & Wendy Chin Quan,
Proud Owner's of a Hydropool Hot Tub

Time For Family
And Friends.

“With two kids that play multiple sports, our hot tub is the only place that we can enjoy some family down time.”

Boyd & Debbie Richardson,
Calgary, Alberta

Hydropool's Comfort Features.

Exceeding your expectations with superior ergonomic design. All seating is designed for full body support and comfort. Soft, comfortable pillows gently support your head and neck while our wide lumbar support seats cradle your body. Hydropool's unique Science of Immersion hydrotherapy system adds the final touch, massaging every inch of your body.

The wide variety of deep bucket seats, higher cool down seats, comfortable bench seats and body form loungers available on our Self-Cleaning Hot Tubs gives everyone a seat of choice, and extra large foot wells allow you to stretch out, relax and enjoy.

Immerse Yourself In Luxury.

The Science of Immer

The **Zone Logic** behind Hydropool Zone Therapy is personalized usage of the hot tub to help you benefit from a general sense of well-being. We are all unique individuals and our genetic make-up and lifestyles all play a role in defining our sensitivity to a release of various tensions.

There are four elements that make-up each zone...

1 TYPE OF JETS

- The type of jet is crucial to a proper massage.
- Our E55 Jet is designed purposely for a deep tissue massage and our E40 Jet is designed for a gentle massage.

2 JET PLACEMENT

- Our Hydrotherapy jets are specifically designed for each zone so that the superior benefits of hydrotherapy are achieved.
- Different jet patterns are designed to work different muscle groups.

3 SEATING... DESIGNED AROUND YOU

- Designed to work with your body's natural structure and functions to provide maximum comfort and functionality.
- Our ergonomic seats support the skeletal structure so that the muscular system doesn't have to; it removes stress from muscles and joints so that the body relaxes.

4 DURATION IN SEAT

- The last component of Zone Therapy is the duration of time that a person spends in each seat of the hot tub.
- Duration in seat combined with the sequence of seats is critical to the performance of the Zone Therapy.

The Evolution of Hydropool HydroTherapy

Through our solid understanding of **Zone Hydrotherapy** and ergonomics of the human body Hydropool has taken the science of immersion to the next level. This constant innovation has created a line of hot tubs that allows them to interact with the human body in the most natural and effective way possible with the introduction of Zone Therapy.

1

ZONE 1 ACTIVATION OF THE PARAVERTEBRAL MUSCLES

- Vertebral fatigue contributes to headaches.
- Release tension in dorsal muscles.

2

ZONE 2 ACTIVATION OF LEG & LUMBAR MUSCLES

- Promotes improved circulation in lower part of the body.
- Allows for venous return & lighten legs.

3

ZONE 3 ACTIVATION OF UPPER BACK, NECK & SHOULDER MUSCLES

- Eliminate tension in trapezoid muscles & neck.
- Release tensions in solar plex area.

4

ZONE 4 ACTIVATION OF FOOT ARCH MUSCLES

- Deeply massage the small venous areas in your foot arch.
- Your feet take the brunt of most sports.

and How Our Zone Therapy Came To Be.

2011 Launch Advanced Therapies in consultation with Wellness Centres.

2012 Launch Wellness Guide with Wellness Programs.

2015 Introduce E-Class Jetting.

Hydropool's Exclusive Self-

The world's easiest hot tub to maintain. The Self-Cleaning System cleanses 100% of the water in only 15 minutes, that's an incredible 8 times in 2 hours!

1

HydroClean Filtration Jets

OPTIMIZED SURFACE FILTRATION:

- The design of our seating and the strategically placed jets create a continuous flow of water pushing all floating debris towards the high flow skimmer.
- Boosts the efficiency of our self-cleaning system.

2

High Flow Skimmer & Pre-filter

CLEANS ACROSS THE SURFACE:

- Removes floating debris, oils and prevents larger debris from clogging the pump and heater.
- Increases filtration.
- Moves debris into the Pre Filter and extends micro-filter cleaning cycles.

Did you know...

The design of our seating and the strategically placed jets create a continuous flow of water pushing all floating debris towards the high flow skimmer, boosting the efficiency of our self-cleaning system.

3

Hydroclean Floor Vacuum

CLEANS ACROSS THE FLOOR:

- No need to vacuum the hot tub.
- Watercare products are more effectively circulated.
- Removes heavy contamination (such as dirt & grit).

We have always been committed to creating time for what matters... to you.

-Cleaning Technology.

4

Pressurized Micro-filtration

CLEANS 100% OF THE WATER EVERY 15 MINUTES:

- New Dual Core Filter with Microban and inner core for increased filtration.
- Results in extended cleaning cycles.
- Easy access while out of contact and sight from bathers.
- No odor escapes during hot tub use.

5

Customize Your Watercare System

WORRY-FREE & CONVENIENT:

- EZ Ultra Pure Salt Water Technology.
- EZaquazure Watercare System.
- EZcare Watercare System.
- Automatic Chemical Feeder.

6

Self-Clean Indicator

ALWAYS ON THE JOB:

- The Worry-Free Indicator indicates the Self-Clean and Eco Heat Exchange system are both active.
- Reassures your family's safety and protection.

Did you know...

With the Quick Drain System there is:

- No Shop-Vac or Sump pump needed.
- Pumps the hot tub water out at any distance or any grade.
- Saves time and the hassle associated with hot tub maintenance.

2011
Self-Clean Light &
Dual Core Filter.

2012
Self Clean Indicator
Added to Topside
Control.

2013
Upgraded Dual Core
Filter with Removeable
Inner Core.

2014
Upgraded Topside
Control with Automatic
Maintenance Reminders.

2016 Added dedicated
Filtration Jet to improve
filtration.

Exclusive HydroWise Thermal

Our innovative HydroWise Thermal Shield Energy Efficient Insulation along with our superior 4 inch HydroWise Hard Cover keeps the heat in and the cold out. Combine this with the fact that our hot tubs are engineered to be the most energy efficient in the world, providing 100°F / 37°C... **for just pennies a day.**

1

Self-Clean Technology

ENERGY EFFICIENT FILTRATION

- Your Hydropool hot tub filters 100% of the water in only 15 minutes. This means the hot tub does not have to be operating as long to filter the same amount of water as other hot tubs.
- The most energy efficient filtration system in the world.

2

Hydrowise Heat Shield Hardcover

MADE FOR CANADIAN WINTERS

- Heavy Duty tapered locking safety hardcover.
- Insulated baffle in the fold area.
- Locks the heat in and keeps the cold out.

3

Insulated Thermal Shield Blanket

NASA INSPIRED TECHNOLOGY

- Triple Thermal Shield Technology (pipes, cabinet and floor).
- Reflective foil side of Thermal Shield reflects the heat back into the hot tub.
- Black side of Thermal Shield and pipes designed to absorb heat.

Did you know...

N.A.S.A. uses the same technology to protect its astronauts from the -273 degree cold in outer space that we use on our thermal shield blankets.

We have always been developing new ways to better our energy efficiency...

Shield Technology!

4

Low Amperage Evergreen Pump

HIGH FLOW - LOW ENERGY PUMPS

- Pumps that are engineered to produce high flow rates with low energy output.
- The Hydopool filtration pump is 26% more efficient than the competition.

5

Eco Heat Exchange Technology

FULLY ADJUSTABLE VENTING

- Each pump creates 1.5 kw per hour of waste heat and our Triple Thermal Shield blanket reflects that heat back into our hot tub cavity.
- Hydowise Thermal vents maximize energy efficiency for any season and any climate.

6

Designed To Exceed CEC Regulations

SETTING THE STANDARD

- Ranked in the top 3 in the world for stand-by wattage and energy efficiency.
- One of the first to be approved under the strict California Energy Commission approvals.

The Evolution Of The Hydr

The Energy Efficiency Evolution...

1990, No Foam

1992, No Foam Changes To Full Foam Why?

- Better insulation.
- Supported pipes.

1996, The Use Of Perimeter Foam Why?

- Water will take the path of least resistance so if there was a leak in the plumbing the water could appear on the other side.
- It is difficult to service because there is no access to plumbing without a full dig out.
- No access plumbing without compromising the insulation or structural integrity.
- Each motor creates 1.5 kw of heat and all of that heat was being expelled from the hot tub as opposed to being used to help heat the water.

2000, Perimeter Foam Changes To Hydrowise Thermal Shield Why?

- Causes leaks due to plumbing support issues.
- Gaps in panels allow heat to escape.
- The Motor needs to breath, and without vents it overheats and causes the pumps to fail.

2005 - Present, Hydrowise Thermal Shield Technology Why?

- Polyfilm barrier supports the plumbing and provides easy access to service.
- Uses the waste heat of the motor, shell and pipes to heat the hot tub
- Eco heat exchange Venting to expel the heat in the summer and trap the heat in the winter.

The Self-Clean Evolution...

1980

1980, Grate Style Skimmer / Gravity Style Drain

1985, Grate Style Skimmer Changes To Suction Side Filter / Skimmer

Why?

- Suction was located 6" below the surface level of the water, hence it skimmed nothing off the surface.
- Combining the two saved money and allowed the water to be skimmed more efficiently.

1985

1989, Suction Side Filter / Skimmer Changes To High Flow Skimmer & Pressure Side Filter

Why?

- ONLY 50% of the water was being filtered.
- Filter is designed to clog. Pumps and heater were being starved of water.
- Filter was exposed to the air, hence there was a greater chance of odours and it was in the sight lines of the bather.

1989

1993

1993, Gravity Drain Changes To Floor Vacuum Why?

- Pulled water from 2"-4" above the bottom of the hot tub so you needed a vacuum to remove dirt from the floor.
- You had to bail the bottom 6" of water by hand when draining the hot tub.
- Did not filter any of the water

2000

2000 - Present, Self-Cleaning System Why?

- Filter's 100% of the water every 15 minutes.
- Skims the surface of any water.
- Vacuums the floor.
- Results in clean clear safe water.

opool Hot Tub.

If Only It Could Clean The House, Too.

Find more time to relax in your soothing, bubbling hot tub that actually drains itself with the hot tub pump. With the convenience of the quick drain system and the science of the worry-free Hydropool Self-Cleaning technology, you'll wish everything in life could be this easy.

Time To Rejoice.

HYDROPOOL
evergreen
commitment

The Hydropool Evergreen Commitment Enhances Your Life In More Ways Than Ever.

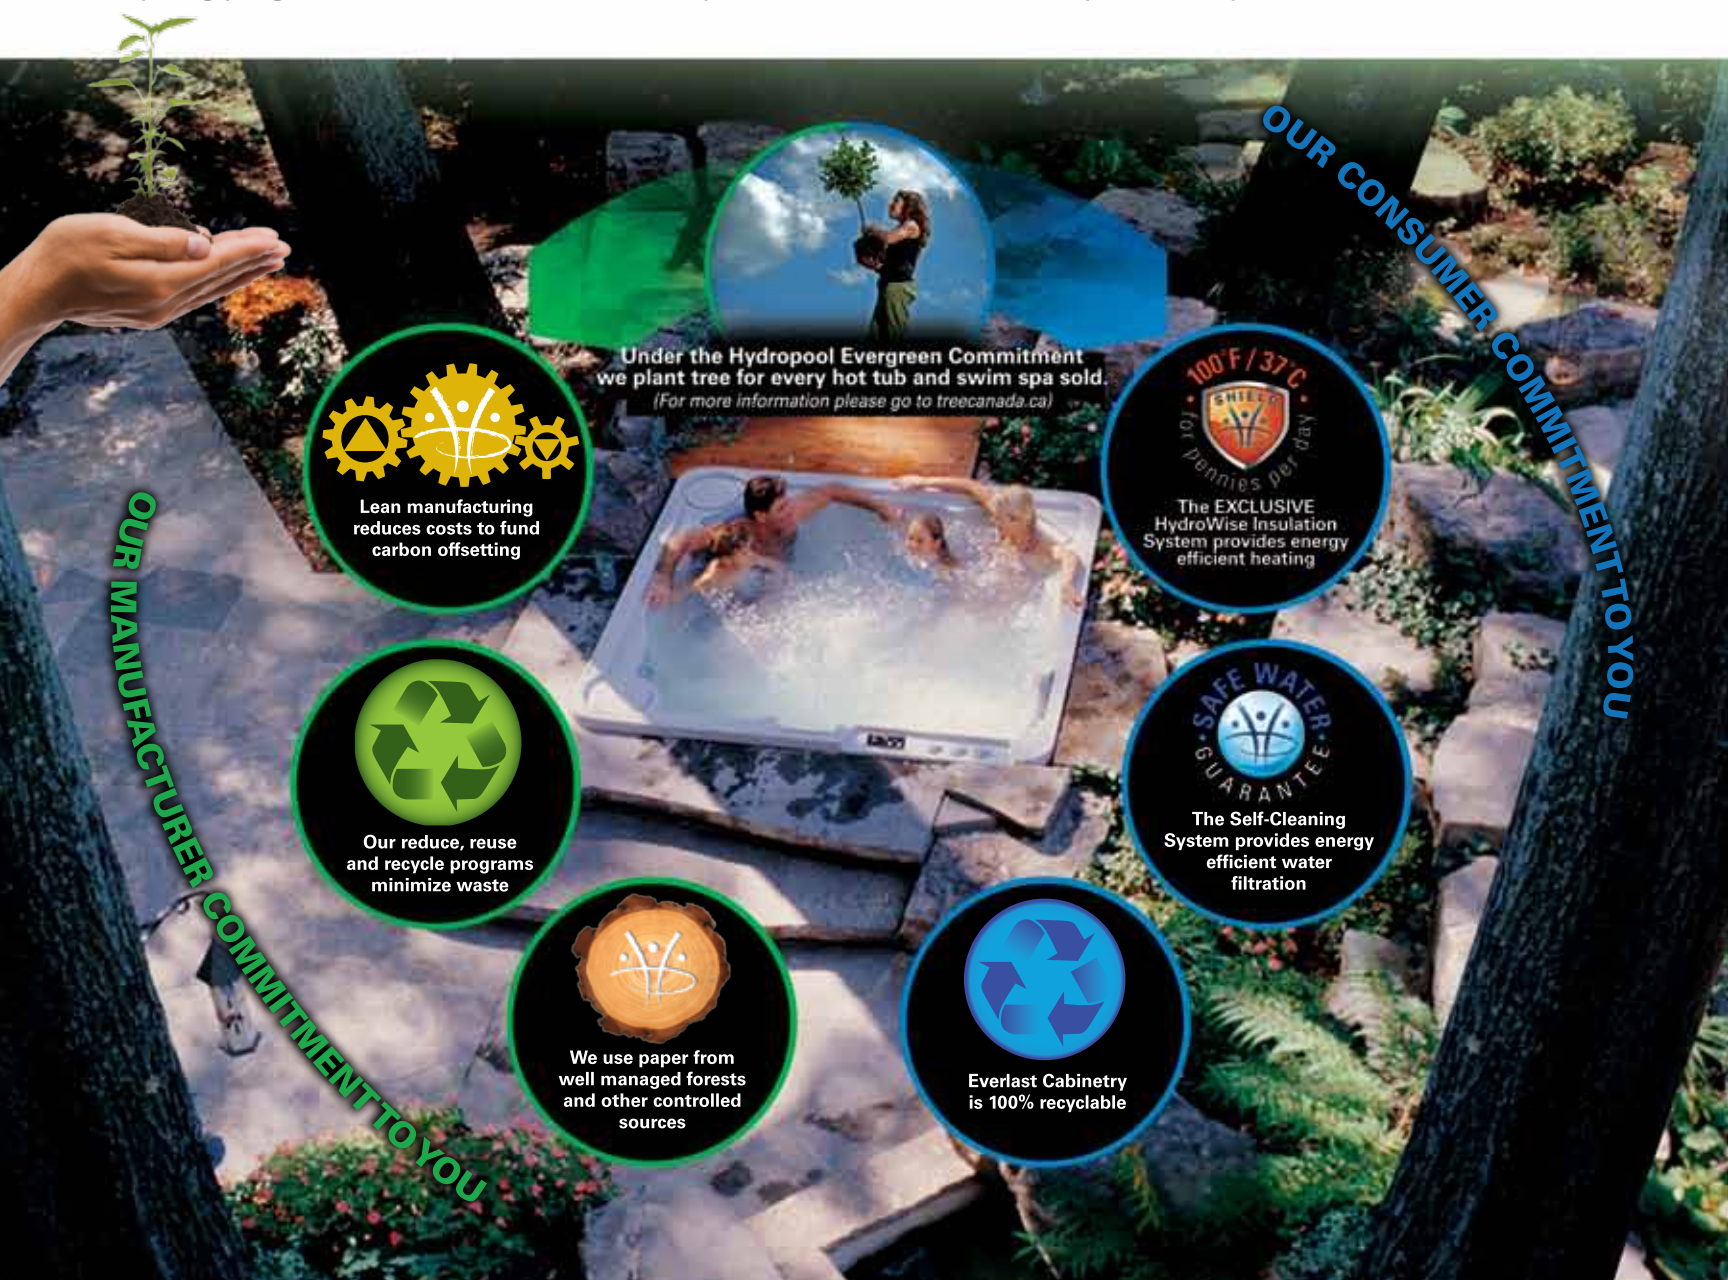

Hydropool's Evergreen Commitment allows our customers to rest comfortably knowing they are enjoying a premium hot tub or swim spa experience that will enhance the environment as well as their lives for years to come.

The World's First Carbon Neutral Hot Tubs and Swim Spas Hydropool is committed to minimizing and neutralizing the carbon emissions from our manufacturing processes. Our lean manufacturing initiatives are constantly reducing the size of our carbon footprint. Our Tree Planting Program ensures that we support environmental projects that neutralize the carbon emissions in our manufacturing processes.

The World's First C.E.C. Approved Hot Tub and Swim Spa Manufacturer Hydropool is committed to be on the leading edge of developing energy efficient technologies. Our unique Self-Cleaning, and HydroWise Thermal Shield Systems enable us to meet the rigorous energy efficiency standards of the California Energy Commission (C.E.C.)

Environmentally Responsible Printing Hydropool is committed to supporting responsibly managed forests in order to protect wildlife habitats, to ensure clean water and to keep our forests healthy for generations to come. Therefore, all of our corporately produced posters and brochures are printed by companies certified by the Forest Stewardship Council (FSC) on FSC approved paper.

Reduce, Reuse, Recycle Hydropool is committed to reducing the waste that we send to landfills. In addition to Lean Manufacturing initiatives which reduce and/or reuse waste materials we are also engaged in a corporate wide recycling program. Even the Everlast Cabinetry on our hot tubs and swim spas are recyclable.

Hydropool's EZ Ultra Pure Salt Water System*

Provides unsurpassed ease and convenience in hot tub water sanitation. The system results in automatic crystal clean water allowing your filter and water balancing products to do their job without adding chlorine or bromine. The Salt Water Bromine System reduces the amount of work required to maintain your hot tub, making the world's easiest hot tub to maintain just that much easier.

EZ Ultra Pure Ozone System

The system is designed so that when ozone a highly effective oxidizer is mixed with water it assists in removing of unwanted contaminants from your hot tub water.

I Command System WORLD EDITION

The Smart Phone App that is designed as a wireless hot tub control which allows you to pick the water care settings that fits your schedule, adjust filtration and temperature settings and create the ideal hot tub experience from any where in the world.

Industry Leading Guarantee

Hydropool Hot Tubs are built to stand the test of time and offer an Industry Leading Guarantee package. For details on coverage inquire with your local Hydropool Retailer.

Cabinet Options

Everlast or Cedar Cabinetry with Removable Panels

Hydropool Self-Cleaning Hot Tubs are available with our maintenance-free Everlast or Cedar cabinetry. This premium quality cabinetry is installed onto a sturdy wood substructure for the ultimate in durability and is embossed for the most realistic look possible. In the unlikely event that you require access to the hot tub plumbing or equipment, all four panels are removable for easy service access.

Espresso

Driftwood

Midnight

Cedar

Choose from these finishes...

Hot tub shell and cabinet colors may not be exactly as shown due to printing.

Audio Options HydroSurround Sound System

Hydrosound's Surround Sound includes a waterproof MP3/Bluetooth Stereo integrated into the topside control. Proprietary circuits automatically prevent distortion at high volumes. With 180 watts total power, a custom EQ optimizes sound and automatically adjusts the various frequencies. Also includes a powerful 100W amplifier, 2 marine grade premium 3-way pop-up HydroSurround Sound speakers and a powerful sub woofer. Use Bluetooth feature to sync with your device.

Step Options

Two Tier Cedar Step

This two tier cedar step makes entering and exiting your hot tub safe and easy. This step is made from our premium quality furniture grade clear cedar.

Two Tier Universal Step

This option, a two tier step makes entering and exiting your hot tub safe and easy. These steps are available in matching Midnight, Driftwood or Espresso color finishes.

40, 50 Or 60 amp GFCI With Sub-Panel Box*

For your convenience a GFCI breaker can be conveniently installed into the included custom sub panel.

* Not available in Europe.

Cover Options HydroWise Thermal Shield Cover

This patented ultra energy efficient 4" cover features a silver reflective lining, a bumper seal through the centre fold and around the outside perimeter to ensure that the heat stays in and the cold stays out.

There is simply not a better cover.

Cover Remover Plus

Manufactured with powder coated aluminum, this cover remover is especially space efficient. The cover remover plus can be partly lifted at one side & the hydraulic pistons assist with the final removal of the cover.

Cover Remover Standard

Our most popular cover removal system is easy to use, is space efficient and simple in design. It has only one moving part and a built in stop mechanism and is absolutely trouble-free.

Cover Remover LoProfile

Soon to be the most popular cover removal system, still easy to use, still absolutely trouble-free but is even more space efficient with its noticeably lower profile.

A man and a woman are splashing water in a hot tub. The man is on the left, laughing with his mouth open. The woman is on the right, smiling and waving her hands. The hot tub is dark-colored with a white top. The background features a large red maple tree and a dense forest of evergreens. The text "Time For Fun." is overlaid in the center.

Time For Fun.

The Company Behind Ev

Hydropool originated in 1980 and has become one of the largest hot tub and swim spa retailers and manufacturers in the world. Whether it's our products, knowledgeable advice, or after sales service and support, our team must give our customers not just great service but ...

the best experience in the hot tub industry.

1

A COMPANY BUILT ON FAMILY VALUES

Our Goal... is to be the pre-eminent manufacturer and developer of hot tubs on the planet. We have the very best people in the industry who have the passion, vision and knowledge to deliver customer satisfaction every day.

2

SOLD IN OVER 60 COUNTRIES WORLDWIDE

We meet or exceed all international standards. Our unique Self-Cleaning and Double Thermal Shield Systems enable us to meet the rigorous energy efficiency standards set out by the California Energy Commission (C.E.C.) and are the World's First C.E.C. Approved Hot Tub and Swim Spa Manufacturer.

3

RECOGNIZED WORLDWIDE FOR EXCELLENCE AND INNOVATION

For 35 years Hydropool Hot Tubs and Swim Spas have achieved unsurpassed recognition worldwide by setting the industry standards for hot tub and swim spa design and innovation. We have been awarded the most certifications and honors in the hot tub industry.

every Hydropool Hot Tub.

4

INDUSTRY LEADING GUARANTEE

Hydropool Hot Tubs are built to stand the test of time and offer an Industry Leading Guarantee package. For details on coverage inquire with your local Hydropool Retailer.

5

OUR NUMBER ONE GOAL IS CUSTOMER SATISFACTION

A Company you can trust. We stand behind every Hydropool Hot Tub and Swim Spa manufactured since 1980, we are a 35 year old organization dedicated to excellence in customer service. Our customer satisfaction has reached such an incredible level that referrals generate over 25% of our business every year.

6

NUMBER ONE CHOICE OF PROFESSIONAL SPORTS TEAMS WORLDWIDE.

Including teams such as:

- The Toronto Maple Leafs and New York Rangers of the NHL.
- The Toronto Raptors and New York Knicks of the NBA.

Did You Know...

Hydropool is committed to minimizing and neutralizing the Carbon Emissions from our manufacturing processes. Our lean manufacturing initiatives are constantly reducing the size of our Carbon Footprint.
